

## **Music for Week 4**

### **MAA Grades 6-8**

- Earth Day was last Wednesday, April 22. Try making instruments using things found around your house. The recycling bin is full of items. Check out this video my children and I made to show their creations [HERE](#)
- If you have a couple of recorders at home, you could even try making “bagpipes” out of them and some other household items, check out the video [HERE](#)
