

Literacy for Week 10

MAA Grades 6-8

- Read 30 minutes each day. If you are still having trouble accessing books, [CLICK HERE](#) or click [HERE](#) to visit the Scholastic Magazine site. There you'll find out the science behind your favorite candy and a debate that questions if video gaming is a sport!
- Find this week's writing suggestion [HERE](#) - Feel free to email a picture or your digital six-celled cartoon to Ms. Stewart or Ms. Perry. You'll need to get creative for this one!
- Watch the reading prompt rap [HERE](#). Write a response to this Dr. Suess story/rap. Did it remind you of anything? Can you make any connections like text to text, self or world? What book would you choose to rap and why? Feel free to complete your own rap using an excerpt from your favorite book.
