

Art for Week 6

MAA Grades 6-8

Last week, I gave you a paper airplane challenge and a brief history of Origami, or papiroflexia. This week, I am going to challenge you to create perhaps the most famous Origami design in the world: the Paper Crane. But first, watch a very brief video of the Legend of the Paper Crane [HERE](#).

After watching that, you know that for your wish to be granted, you must make 1000 paper cranes. Why not?? You have time on your hands! But let's start with one...you will need a piece of paper, and a pair of scissors to create a square piece of paper. All Origami begins with a perfect square...good luck! [CLICK HERE](#)
