

K-2 Learning Opportunities for Week 4 (April 27 - May 1)

| Literacy | Math | Wellness |
|---|--|--|
| <p>Create an alphabet book or a number book. Ex: A is for apple. B is for bug, etc. 1 house, 2 dogs, etc. Draw pictures to go with your story!</p> | <p>Estimate the length of your driveway or yard (using your own feet). How many of your feet did it take? If your parent or guardian did the same thing would it take more or less feet? Explain your reasoning.</p> | <p style="text-align: center;">Family Hopscotch Challenge Create a hopscotch and challenge your family members. Practicing your counting while you hop!</p>  |
| <p>Write a letter to a family member, neighbour, or friend. Drop it off to them on their doorstep or in their mailbox!</p>  | <p>Find 10 stuffed animals or toys and line them up from tallest to shortest. How else could you sort them? When you are done, try this activity with your family members and pets instead of toys.</p> | <p>Students are to use the <u>attached</u> game board to get them moving</p> <p>Monday- First, Middle and Last Name. Tuesday- Favorite book and character. Wednesday - Your Teacher's name. Thursday- Favorite sport or activity. Friday- Favorite song.</p> |
| <p style="text-align: center;">Sight Word Scavenger Hunt Using the words on your Teacher's Page, see how many words you can find on TV shows, outside, in books, etc.</p> | <p>Practice skip counting. Make a class with all of your stuffed animals & toys that have eyes. You're the teacher! How many eyes are looking back at you? Stretch activity: Teach your stuffed animals anything you want about math!</p> | <p>Try making your own musical instruments out of things around the house/in the recycling bin. Check out Mrs. Gallant's video <u>here</u>.</p>  |

[French Children's Stories](#)

Other helpful hints:

Read 10 minutes & play outside daily!

Students in French Immersion should be trying to complete these activities using their French vocabulary.

If you are looking for stretch activities, visit your child's teacher page for other addition resources that will help them along the way.

STEAM: Visit [here](#) to try some fun learning options at home.
