<p>We would like to remind our school community that we are a nut and shellfish safe school. As is stated in our student handbook, which was emailed to parents earlier this month "We have several students with nut and shellfish allergies. Our school has been declared a nut/shellfish safe school." This means that NO FOODS containing nuts or shellfish should be brought into our school, including in individual student or staff lunches. We appreciate your cooperation in keeping our school community as safe as possible.</p>					1	2
