

6-Week After-School Program

Kinetics, Critters and CSI

All About Animals – Two weeks of feathers, fins, fur and more! Explore the animal kingdom and learn about the habitats, anatomy and life cycles of your favorite creatures. Then make your own animal track to take home.

Current Events - Investigate the power of current electricity in this exciting, *electrifying* class. Compare parallel and series circuits and experiment with conductors versus insulators. Take home your own circuit.

Mad Machines - Explore the six main types of simple machines including the wheel and axle, the screw, the lever, the inclined plane, the wedge, and the pulley.

Sleuthing Science – Dig through trash treasures and sniff out the suspect. Analyze hand-writing and produce a schematic of a crime scene. Create and solve your own crime scene story.

Energy Burst - Discover the potential of *potential energy*. In this energetic class we explore what makes your favourite toys work, what makes a flashlight shine, and what powers catapults!

Location: Max Aitken Academy

Registration Deadline: Feb 5

Cost: \$66+tax = \$75.90

Tuesdays from Feb 7 to Mar 21

Time: Gr K-2 2:00-3:00 & Gr 3-5 3:05-4:05
